Dear Dale,

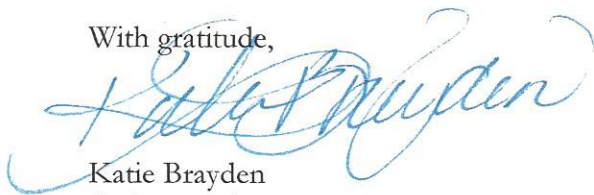

Thank you for your gift to the Rocky Mountain Chapter of Associated Builders and Contractors Scholarship Endowment Fund in the Department of Construction Management. On behalf of all our students, we are sincerely grateful for the influence you have on their personal, educational and occupational aspirations.

Senior Caitlyn Sheehan is poised to receive her Bachelor of Science Degree in Human Development and Family Studies, with minors in Gerontology and Business Administration. Caitlyn is a member of our Dean's Leadership Council, a select group of students who serve as the student voice of our college. She shares these thoughts, which we feel exhibit the gratitude of her peers:

"My experience here at Colorado State University is proof of the important role donors play in the lives of students. Receiving a scholarship instilled a sense of pride and self-worth in me, because it showed that someone else believed in and honored my personal and career goals. It allowed me to focus on my studies more, because I was no longer worrying about working long hours to make ends meet. The skills, knowledge, and connections that I have gained at Colorado State will last a lifetime. I look forward to giving back and contributing to another student's goals and dreams, just as donors like you have done for me."

Thank you again for your generosity, which helps inspire and support students like Caitlyn. Please join us in celebrating all of our students and their accomplishments made possible by you.

With gratitude,

Katie Brayden
